

Assembly Bill No. 234

CHAPTER 586

An act to amend Sections 4980.03, 4980.43, 4980.45, 4980.90, 4989.20, 4989.34, and 4989.44 of the Business and Professions Code, relating to professions and vocations.

[Approved by Governor October 13, 2007. Filed with
Secretary of State October 13, 2007.]

LEGISLATIVE COUNSEL'S DIGEST

AB 234, Eng. Professions and vocations: family therapists and psychologists.

Existing law makes the Board of Behavioral Sciences responsible for licensing and regulating the practice of marriage and family therapy and makes a violation of these provisions a crime.

Existing law requires an applicant for the marriage and family therapist licensure examination to complete specified experience, with limits on the amount of experience that may be earned in certain areas of emphasis, including professional enrichment activities, and subject to various hourly limitations.

This bill would impose a 125-hour limitation on experience earned providing personal psychotherapy services via telemedicine, as defined, and would modify the definition of professional enrichment activities for these purposes.

Under existing law, trainees and interns may have no proprietary interest in their employer's business.

This bill would additionally provide that trainees and interns may not lease or rent space, pay for furnishings, equipment or supplies, or in any other way pay for the obligations of their employers. By revising this provision, this bill would expand the scope of an existing crime, thereby imposing a state-mandated local program.

Existing law provides that education gained outside of California applies toward the marriage and family therapist licensure requirements.

This bill would instead specify that education gained while residing outside of California applies toward the licensure requirements.

Existing law provides for the regulation and licensure of educational psychologists by the board. Existing law authorizes the board to issue a license as an educational psychologist if the applicant meets specified requirements. Existing law requires a licensee to complete 60 hours of continuing education in order to renew his or her license. Existing law exempts from the continuing education requirement a licensee who possesses a current pupil personnel services credential issued on or after July 1, 1994.

This bill would revise the educational and experience requirements that an applicant is required to meet in order to be licensed by the board as an educational psychologist. The bill would instead require a licensee to complete 36 hours of continuing education in order to renew his or her license. The bill would also remove the exemption from the continuing education requirement for a licensee who possesses a current pupil personnel service credential issued on or after July 1, 1994.

The bill would make other technical and conforming changes.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

The people of the State of California do enact as follows:
